

VALVE COVER BAFFLE KIT SUM-440332

This kit includes: (1) Baffle, (1) O-Ring, (1) Washer, and (1) Nut

Step 1

To begin, decide what location in the valve cover you want your baffle to be, remembering to check all clearances. Then, using a center punch and hammer, indent the valve cover where you want to drill.

Step 2

We started out by using a $\frac{3}{4}$ " drill bit for the first hole. A stepped drill bit that goes to $\frac{3}{4}$ " would also work nicely. Be sure to lock the valve cover in place, when drilling, and wear safety glasses.

Step 3

We then used a stepped drill bit that goes from $\frac{3}{4}$ " to $1\frac{3}{8}$ ". $1\frac{3}{8}$ " is the hole size you need to achieve for the baffle. You can also use standard drill bits, and size up to a $1\frac{3}{8}$ " bit, but we found that a stepped drill bit makes a nice clean cut. After drilling your $1\frac{3}{8}$ " hole, make sure to file or remove any extra metal around it.

Step 4

Place the O-Ring onto the baffle at the base of the threads.

Step 5

Then install the baffle into your valve cover, with the head side of the baffle inside the valve cover, and the threads of the baffle coming through the top of the valve cover.

Questions? Call out Tech Line. 1-330-630-0240

Step 6

Install the washer, and then the nut. Be sure not to over tighten the nut. You can now put whatever breather you want into the baffle, as long as it fits a 1 ¼" grommet.

Limited One-Year Warranty

This Limited One-Year Warranty is given to the original purchaser (the "Buyer") of this new Summit or Summit Performance Branded Product. Summit Racing Equipment warrants that the product will be free from defects in workmanship and materials under normal use and service for one year from the date of purchase.

Your responsibilities:

Keep a sales receipt, canceled check, or payment record to verify your purchase date. Operate and maintain the product in accordance with the specifications provided to you with the product. Arrange for or pay items and costs that are not covered by this Limited Warranty.

What is not covered:

1. Damages caused by shipping, product misuse, misapplication, improper installation or maintenance, or damages resulting from accidents, contact with on-road or off-road hazards, or racing engine use.
2. Labor costs to remove and install the products or component parts.
3. The costs of shipping the product to and from Summit Racing Equipment.

Claims Procedure:

The duration of this warranty is limited to claims made in writing to Summit Racing Equipment within one year after the purchase date.

The Buyer should call the telephone number below to report a possible warranty claim. The Buyer must also allow Summit Racing Equipment to inspect the product, and the Buyer must reasonably cooperate with Summit Racing Equipment with respect to verifying the warranty claim of the Buyer. In the event that a warranted defect is discovered, Summit Racing Equipment will repair or replace the product, or return the purchase price to the Buyer, at the option of Summit Racing Equipment.

All shipping costs are paid by the Buyer. Merchandise returned to Summit Racing Equipment without prior authorization will not be accepted.

This warranty extends only to the Buyer and is not transferable.

Implied warranties applicable to this transaction extend only to one year. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

Summit Racing Equipment shall not be responsible for any incidental or consequential damages of the Buyer. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you.

This warranty gives you very specific legal rights, and you may also have other rights which vary from state to state.
